- Handlebars
- React

Education

College/ September 2015-December 2020

Bachelor of Arts Degree with a major in Sociology

- Member of the KCSB Radio team that covered UCSB Men's Basketball for the 2019 season. Experience included helping film interviews, doing a halftime and postgame radio show, and recording footage of the Big West tournament.

High School Diploma / June 2015

- Graduated with a GPA of 3.89 and was on the Principal's List and received Honor Roll twice. Took seven Advanced Placement courses, earning college credits.
- Was a Teacher's Assistant

Work Experience

YMCA of Silicon Valley

After School Leader at Rucker Elementary School August 2021-Present

- After-School Leader for a class of 25 2nd graders.
- Daily tasks include organizing physical activities and homework tutoring.

All Sensors

Technician April 2020- August 2020

- All Sensors is a company that makes pressure sensors for medical equipment such as ventilators.
- Daily tasks included running various tests on thousands of sensors in a laboratory.

Target

General Merchandise/Cashier November 2019-March 2020

- Specifically in charge of the furniture section.
- First backup cashier called when store was busy.

- Key Utility Player: Consistently the first employee to back up short-staffed departments (such as cashiers, cart collectors, stocking merchandise for other departments, etc.)

Hana Kitchen

Chef/Prep April 2016-October 2016
- Duties included food prep, dish washing, and cooking.

Gilroy Gardens

Cashier/Cook March 2014 – August 2014
- Tasks include working a cash register, counting the register's till, cooking and cleaning.
- Recipient of multiple customer service awards.

Awards and Acknowledgements

Community Service Award
- Over 180 hours of community service, including multiple missions to Mexico to build houses for families in need.

Youth Coaching Experience 2010-2015
- 2010: Assistant Coach for a T-Ball Little League team. Experience included teaching young kids the basic mechanics and rules of baseball.
- 2012-2015: Four-time counselor for a K-8 football summer camp. Tasks included teaching kids how to do football drills. Led the camp alongside coaches for the last two years.

Example Work

- The Travel Center: This application was a project where we incorporated many different server-side API's in order to create the ultimate travel experience (https://kuyadevin.github.io/the-travel-center/)
- Day Planner: A work day planner that color-codes hours based on the past, present, and future. (https://kuyadevin.github.io/Day-Planner/)
- Code Refactor: This is an application where I refactored the code to better fit accessibility standards as well as made the UI more interactive. (https://kuyadevin.github.io/Refactor/)
- Mise en Place: This application is an all-in-one time management app that uses Express, MySQL, Handlebars, as well as Full Calendar.
- (https://mise-en-place-planner.herokuapp.com/)
- E-Commerce Back-end: This app uses Express, Sequelizxe, and MySQL to create the back-end for a store, with aspects such as adding and removing products from a database in order to help run a store.
